

2/03

Peter Hayes

50-100

Bush Sr. moved these weapons — announced moved

Sept 28, 1991 —

ROK Pres Kim for  
 introduced announced by Dec. 91 — actually not till Feb 92

security/weapon

route — strategy project — SK was —

3. withdrawn

We have documented that we planning goes

Annex 5027 USFK Plan

for Korea

US reserved right to reintroduce weapons in  
 an emergency.

live issue in SK — should US

In part, air-burst area weapons against  
 advancing forces

ground-burst vs. CPs — including Pyongyang

(ADMs)

All weapons were stored at Kimsan

Exercises to get weapons out of Korea, by  
 helicopter

+203m  
155m

Koreans would have loaded weapons into containers  
 and providing security — they were involved in exercises  
 — from in World that it would become known that  
 it was planned to involve K's in handling weapons.

|| Yet UN GA Resolution vs. FU  
in Iraq or Korea  
vs. WMD Distinction

(Is it politically feasible/inevitable  
to drop "distinction of CW/BW" of  
threat of new FU?)

After 9/11, antitray?!

— Bay, did that have an  
impact?

Who did it?!

(like assas of CIA COS  
in Athens?)

after campaign on urging of  
disarming Iraq of CW/BW?  
Pauze!

Cohen (Clinton).

(For > 40 years, anti-nuc activism has  
focused on abol. of nucs, or Freeze/Reduction,  
CTB, or "stability," refused to focus on  
NFU — for fear (?) of "legitimizing  
Type I det, 2d use

(now focus on D-L! or preemption  
slanting)

Reflects ignorance of secret plans

D-L, preemption  
decap  
FU

+ threats

PGMs can destroy pop-ups actively

A nuke would not be effective against ants,  
because
